

Registered Massage Therapist Brandon

Registered Massage Therapist Brandon - An energy healer is actually someone who is gifted with working with balancing the energy field that surrounds the human body or animal. The energy field is referred to as various things; conventionally referred to as the aura body, chi, chakras or the energy body. To an energy healer, the name is not as vital as the effects of working with it.

Healing with energy fields is an essential part to any holistic healing plan in view of the fact that the energy fields surrounding our human body and the other objects around us are closely connected to our overall health. Energy work is connected with the gateway of the Spirit. The Body Gateway is associated with physical healing, the Mind Gateway is associated to emotional and mental healing and the Spirit Gateway is associated with energy healing.

Lots of energy healers believe that nearly all dis-ease starts from blockages of energy and could be healed by releasing blocked energy in the body. For example, respiratory ailments can feature a blockage of energy around the lungs. After an energy healer unblocks that area, your respiratory issues should lessen or vanish.

Energy healers could work in a lot of different ways, according to the system of healing they work with. The basics of whichever healing art will include unblocking, re-routing, charging with light and exorcising negative fields. Your local metaphysical store or spiritual bookstore might be able to put you in touch with an energy healer if you feel this can be for you.
