The body is a resonating matrix that contains a biological field of information. According to the philosophy behind Matrix Energetics, the patterns in this matrix could become disturbed through physical or emotional injury. These disruptions can create ingrained habits or perceptions that can block a person from acquiring a condition of prosperity, health, happiness and several constructive circumstances. Matrix Energetics works to get rid of blockages, shift these ingrained patterns and alter core beliefs in order to enable the client to achieve their objectives to be able create the quality of life and kind of life preferred.

Matrix Energetics practitioners believe that preconceived notions of restrictions are the source of a patient's issues and that these restrictions could be eliminated immediately through the healing system of Matrix Energetics. This healing system is believed to get rid of the causes of both chronic and temporary issues like emotional trauma, headaches, muscle spasms, scoliosis and fibromyalgia among others.

The Matrix Energetics system is intended to stand alone. Numerous practitioners use it to be able to improve several healing methods though it does not have to be at all combined with any other technique. One session with a Matrix Energetics practitioner is capable of changing the belief system of the client and could alter his or her beliefs about the healing process, the structure of reality and the nature of disease. Usually, recipients can feel a wave pass throughout their bodies because their previous view of actuality is altered and this is where the Matrix Energetics system enters into the realm of quantum physics.

At the quantum level, time and space are not part of reality. The consciousness of an individual, according to the quantum theory, could affect how subatomic particles behave. As the universe is interconnected with quanta, or tiny wave particles of information, that could be transferred at a rate faster than the speed of light, these quanta can appear all over at the same time and likewise move forward and backward in time. An individual's consciousness can affect these quanta to transform physical matters and emotions. This particular information and these views have been integrated into the Matrix Energetics treatments and are responsible for the changes which occur on the cellular level within the person.
